

**CYBERBIT PROFESSIONAL SERVICES AGREEMENT
MAY 2019**

Cyberbit Professional Services Agreement

This Professional Services Agreement (“**Agreement**”) sets forth the terms and conditions of the applicable Professional Services to be performed by Cyberbit Ltd. or any of its subsidiaries (“**Cyberbit**”) for Cyberbit’s End Users who have ordered such Professional services under a valid Purchase Order (“**End User**”; each a “**Party**” and together the “**Parties**”). By executing a Purchase Order End User hereby accepts the terms and conditions set out below.

1. Definitions

- 1.1.** The definitions of the terms defined in the Section entitled “**Definitions**” in the Cyberbit End User License Agreement (“**EULA**”) available at (<https://www.cyberbit.com/support/>) are hereby incorporated herein by reference.
- 1.2.** “**Materials**” shall mean any documents created or conceived in relation to or in connection with the performance of this Agreement.
- 1.3.** “**Professional Services**” means the professional Services ordered by End User from Cyberbit under a duly exercised Purchase Order, as detailed in the SOW attached to such Purchase Order, including without limitation training, installation, integration, consulting and other professional services.
- 1.4.** “**SOW**” means the statement of work, attached to or issued pursuant to a Purchase Order, which details the technical scope of the Professional Services to be performed by Cyberbit in connection with the applicable Purchase Order, including but not limited to installation and deployment of Products, Update of Products, training, etc.
- 1.5.** “**Update**” means all published revisions and corrections to the printed documentation, corrections and new releases of the Product, including Fixes and patches, which are generally made available to Cyberbit’s End Users and which are designated by Cyberbit by two numbers on the right of the decimal point (e.g. Release 3.1.X). Updates shall not include any new Versions or optional modules or future products that Cyberbit licenses separately or charges for separately.
- 1.6.** “**Version**” means a release of the Product which contains substantial and significant enhancements, or other substantial changes in functionality or performance as compared to the previous version (if any), which is designated by Cyberbit by a number on the left of the decimal point or by one number on the right of the decimal point (e.g. Release X.0 or Release 4.X). Versions shall not include optional modules or future products that Cyberbit licenses separately or charges for separately.
- 1.7.** “**Workaround**” means a method for achieving a task or goal when the usual or planned method is not working.

2. Performance of Professional Services

- 2.1.** Cyberbit will perform the Professional Services and deliver the Software and/or Material specified as deliverables in the applicable SOW (the “**Deliverables**”) in accordance with the requirements in the SOW, or if no SOW is executed, then in the applicable Purchase Order and its attachments.
- 2.2.** Unless otherwise specified in the applicable SOW, all Professional Services shall be performed at Cyberbit’s premises. For Professional Services performed at End User’s premises, End User shall (a) provide Cyberbit personnel with reasonable office space and necessary access to hardware and other systems, and (b) comply in all material respects with applicable laws relating to the treatment of Cyberbit personnel who are on End User’s premises.
- 2.3.** If at any time prior to completion of the Professional Services under an SOW, the Parties mutually agree on any changes to be performed under the SOW, then Parties will enter into a formal amendment to such SOW, to be hand signed by each Party’s duly authorized signatories. Until such time as any change is agreed to and duly signed as aforesaid, Cyberbit will continue to provide the Professional Services as if such change had not been requested or recommended.
- 2.4.** End User and Cyberbit will schedule a mutually agreed time for Professional Services delivery.
- 2.5.** Cyberbit will provide appropriately qualified personnel to perform the Professional Services and reserves the right to engage independent contractors to perform some or all of the Professional Services, provided that Cyberbit remains responsible for the performance of the Professional Services in accordance with this Agreement.
- 2.6.** The Parties are independent contractors under this Agreement and nothing in this Agreement authorizes a Party to act as an agent of the other or bind the other to any transaction or agreement.

3. Payment

- 3.1. In consideration for the Professional Services, End User shall pay Cyberbit (or Cyberbit's reseller or distributor) the fees detailed in the applicable Purchase Order or SOW.
- 3.2. Unless otherwise explicitly specified in the Purchase Order or SOW, End User shall reimburse Cyberbit for all reasonable expenses incurred by Cyberbit in performing the Professional Services, including travel, lodging, per diem and out of pocket expenses, subject to End User's pre-approval. In general, expenses will only be incurred for provision of the Professional Services at locations other than Cyberbit's offices, as agreed by Cyberbit and End User.
- 3.3. Unless otherwise specified in the applicable Purchase Order or SOW:
 - 3.3.1. Cyberbit shall submit invoices on a monthly basis for all fees, charges and expenses relating to the performance of the Professional Services under the Purchase Order or SOW.
 - 3.3.2. Payments shall be made in U.S. Dollars, within thirty (30) days of receipt of invoice..

4. Communication and End User Pre-requisites

- 4.1. At the kick-off meeting between Cyberbit and End User, or within 30 days from the execution of the Purchase Order, End User will designate a suitably qualified representative which will have the authority and responsibility for coordination of the Professional Services and any activity relate thereto ("**Designated Representative**"). End User shall promptly inform Cyberbit of the contact details of its Designated Representative.
- 4.2. All communications with Cyberbit shall be by the Designated Representative either by email, phone, or by using a web form. All such methods and contact details will be published in Cyberbit's official website or will be agreed between the Parties during the kick off meeting.
- 4.3. The language for all communications related to Professional Services shall be English.
- 4.4. Professional Services may be provided via remote access to the Product. The End User shall be responsible for providing a remote VPN access for Cyberbit's team for that purpose. End User shall be responsible for designating a representative which will be able to provide on-site IT support during any remote Professional Services activities.
- 4.5. Prior to any Update, End User shall provide Cyberbit's support team a report to be generated by the Updated Product that recaps the utilization of the Product and other data that may be required by Cyberbit in order to perform an Update.
- 4.6. The Designated Representative will provide access to End User's IT admins, network engineers, firewall admins and any other required personnel for a smooth deployment.
- 4.7. The Designated Representative will assist in coordinating meetings / design reviews with relevant End User personnel and management members.
- 4.8. Facilities and Environment:
 - End User will arrange (in its premises) suitable facilities and connectivity according to the schedule agreed upon in the kick off meeting, including without limitation:
 - 4.8.1. Server room (to host the Cyberbit Product's Servers) – including required Power, Air-Conditioning, Racks, (network and power) cables etc.
 - 4.8.2. Connectivity (Network, Firewall ports etc.) to all components – including opening all required ports, ensuring networking routing works as required etc.
 - 4.8.3. Internet connection in all sites.
 - 4.8.4. Remote connection available to all sites.
- 4.9. All COTs and pre-requisites which End User is obligated to provide according to the SOW or the Purchase Order, will be provided by End User and at its expenses, according to the schedule agreed upon in the kick off meeting. Detailed specification for Pre- Requisite will be provided by Cyberbit after the kick off meeting.
- 4.10. End User shall prepare the site prior to the commencement of the implementation.
